

CHOOSE THE SMART WAY TO POTENTIAL WEALTH CREATION.

Key Benefits of Index Funds

Passive Investment Strategy

Low Cost Structure

Good Transparency

Widely Diversified Portfolio

No Active Risk

Mirror the Index Portfolio

Why it makes sense to invest in Index Funds now?

Historically, market downturns due to major global events have been short-lived and modest, but they have always bounced back in the following period. So naturally, this provides an ideal opportunity to invest since valuations at current levels seem to be attractive. This means that you could benefit from a market-averaged investment with the potential to grow your money over the long term.

Mutual Fund

An investor education & awareness initiative.

Investors should deal only with Registered Mutual Funds, to be verified on SEBI website under "Intermediaries / Market Infrastructure Institutions". Refer www.lifs.com for details on completing one-time KYC (Know Your Customer) process, change of details like address, phone number etc. and change of bank details etc. For complaints redressal, either visit <https://www.lifs.com> or SEBI's website www.scores.gov.in

Mutual Fund investments are subject to market risks, read all scheme related documents carefully.
