This Key Information Memorandum (KIM) sets forth the information, which a prospective investor ought to know before investing. For further details of the Scheme/Mutual Fund, due diligence certificate by the AMC, Key Personnel, investors’ rights & services, risk factors, penalties and pending litigations etc. investors should, before investment, refer to the Scheme Information Document and Statement of Additional Information available free of cost at any of the Investor Service Centres or distributors or from the website www.lntmf.com

The Scheme particulars have been prepared in accordance with Securities and Exchange Board of India (Mutual Funds) Regulations 1996, as amended till date, and filed with Securities and Exchange Board of India (SEBI). The units being offered for public subscription have not been approved or disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of this KIM.

The Scheme offers three schemes viz; Scheme A, Scheme B and Scheme C. All the schemes of the Fund are collectively referred to as ‘the Schemes’ and individually, as the context permits, as ‘a Scheme’ (including the options there under).

This Key Information Memorandum (KIM) is dated February 28, 2017.
As required, a copy of the Scheme Information Document has been submitted to National Stock Exchange of India Limited (herein after referred to as NSE). NSE has given vide its letter numberNSE/LIST/85553 dated August 31, 2016 permission to the Mutual Fund to use the Exchange’s name in the Scheme Information Document as one of the stock exchanges on which the Mutual Fund’s Units are proposed to be listed subject to the Mutual Fund fulfilling the various criteria for listing. The Exchange has scrutinized the Scheme Information Document for its limited internal purpose of deciding on the matter of granting the aforesaid permission to the Mutual Fund. It is to be distinctly understood that the aforesaid permission given by NSE should not in any way be deemed or construed that the Scheme Information Document has been cleared or approved by NSE; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of the Scheme Information Document; nor does it warrant that the Mutual Fund’s Units will be listed or will continue to be listed on the Exchange; nor does it take any responsibility for the financial or other soundness of the Mutual Fund, its sponsors, its management or any scheme of the Mutual Fund.

Every person who desires to apply for or otherwise acquires any Units of the Mutual Fund may do so pursuant to independent inquiry, investigation and analysis and shall not have any claim against the Exchange whatsoever by reason of any loss which may be suffered by such person consequent to or in connection with such subscription / acquisition whether by reason of anything stated or omitted to be stated herein or any other reason whatsoever.

*The Scheme may invest upto 50% in securitised debt.

Exposure in derivatives, either exchange traded or Over the Counter (for example: Interest Rate Swaps) can be upto 50% of Net Assets as permitted by SEBI Regulations.

The Scheme does not intend to invest in repo/reverse repo in corporate debt securities.

The Scheme does not intend to invest in Foreign Securities (including foreign securitized debt).

The Scheme shall not engage in scrip lending or short selling.

The Scheme does not propose to invest in credit default swaps.

The cumulative gross exposure through Debt instruments, Money Market instruments and Derivative positions shall not exceed 100% of net assets of the Scheme.

However, following will not be considered while calculating the cumulative gross exposure:

I. Exposure due to hedging positions; and

II. Exposure in Cash or cash equivalents with residual maturity of less than 91 days.

The, exposure in Derivatives will be for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/ RBI from time to time.

Pending deployment of funds of a Scheme in terms of the investment objectives, a Scheme may invest such funds in short term deposits of schedule commercial banks, subject to such guidelines as may be specified by SEBI. The Mutual Fund / AMC shall abide by the guidelines for parking of funds of a Scheme in short term deposits of scheduled commercial banks as specified by SEBI vide its circular dated April 16, 2007 and such other guidelines as may be specified from SEBI from time to time.

SECTOR ALLOCATION
In accordance with SEBI circular SEBI/ HO/ IMD/ DF2/ CIR/ P/ 2016/35 dated February 15, 2016 read with SEBI Circular SEBI/HO/IMD/DF2/CIR/P/2016/68 dated August 10, 2016 and SEBI circular SEBI/HO/IMD/DF2/CIR/P/2017/14 dated February 22, 2017, the total exposure to a single sector shall not exceed 25% of the net assets of the Scheme. The sectoral classification shall be as per the classification provided by AMFI, as amended from time to time. However, this limit is not applicable for investments in Bank CDs, Collateralized borrowings and lending obligations (CBLO), Government Securities, Treasury Bills, AAA rated securities issued by Public Financial Institutions and Public Sector Banks and short term deposits of scheduled commercial banks.

Provided that an additional exposure to financial services sector (over and above the limit of 25%) not exceeding 15% of the net assets of the Scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only.

Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with the National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 25% of the net assets of the Scheme.
**RISK PROFILE OF THE SCHEME(S)**

- Mutual Fund units involve investment risks including the possible loss of principal. Please read the Scheme Information Document carefully for details on risk factors before investment. Scheme specific risk factors are summarized below:

- The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. These conditions will be complied with immediately after the close of the new fund offer itself i.e. at the time of allotment. In case of non-fulfillment with the condition of minimum 20 investors, the Scheme shall be wound up in accordance with Regulation 39 (2) (c) of SEBI Regulations automatically without any reference from SEBI. In case of non-fulfillment with the condition of 25% holding by a single investor on the date of allotment, the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment would be effective only to the extent of 25% of the amount collected during the NFO period. Consequently, such exposure over 25% limit will lead to refund within 5 Business days from the date of closure of NFO.

- In addition to the factors that affect the values of securities, the NAV of Units of the Scheme will fluctuate with the movement in the broader fixed income, money market and derivatives market and may be influenced by factors influencing such markets in general including but not limited to economic conditions, changes in interest rates, price or volume volatility in the fixed income markets, changes in taxation, currency exchange rates, foreign investments, political, economic or other developments and closure of the stock exchanges.

- Further the investments made by the Scheme will also be affected by interest rate risk, spread risk, credit risk or default risk, liquidity risk, reinvestment risk, settlement risk, market risk, risk associated with investment in derivatives, foreign securities and securitised debt.

**RISKS ASSOCIATED WITH TRADING ON STOCK EXCHANGE(S)**

- The transactions in the Units of a Scheme can be undertaken only once the Units are listed on the Stock Exchange(s) and there could be a time gap between the allotment and listing of Units on the Stock Exchange(s). This could lead to inability on the part of investors to trade in the Units during the aforesaid period.

- Although Units of the Scheme as mentioned in the Scheme Information Document will be listed on the Stock Exchange(s), there can be no assurance that an active secondary market will develop or be maintained.

- The Units of a Scheme may trade above or below their NAV. The NAV of a Scheme will fluctuate with changes in the market value of the Scheme’s holdings. The trading prices of Units of a Scheme will fluctuate in accordance with changes in their NAV as well as demand and supply of the Units of a Scheme in the market.

- Trading in Units of a Scheme on the Stock Exchange(s) may be halted because of market conditions or for reasons that in view of exchange authorities or SEBI, trading in Units of a Scheme is not advisable. In addition, trading in Units of a Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to Exchange and SEBI ‘circuit filter’ rules. There can be no assurance that the requirements of Exchange necessary to maintain the listing of Units of a Scheme will remain unchanged.

- In respect of Units issued in demat form through Depositories, the records of the depository shall be final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Fund on the Maturity Date will depend upon the confirmations to be received from Depository(ies) on which the Fund has no control.

- As the Units allotted under a Scheme will be listed on the Stock Exchange(s), the Fund shall not provide for redemption/ repurchase of Units prior to Maturity Date of a Scheme.

**RISKS ASSOCIATED WITH CLOSED-ENDED SCHEME**

**Market Risk:** As with all debt securities, changes in interest rates may affect the Scheme’s NAV as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than the short-term securities.

**Volatility Risk:** Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby causing fluctuations in the Scheme’s NAV.

**Liquidity Risk:** FMPs are listed on exchanges. However, there can be no assurance that an active secondary market will develop, hence, these might not be easily tradable. Trading in the units may also be impacted due to market conditions / circuit filter rules / extraordinary events leading to Exchange / SEBI authorities halting the trading in general or in the units of the scheme. The bid-ask spread could be high in the event of low trading volumes. In case the investor has to sell off the FMP for whatsoever reason, he/she may have to sell it at a discount i.e. at lower value as compared to the NAV.

While all endeavour would be made to ensure compliance with the requirement of the Exchange necessary to maintain the listing of the Units of the respective plan(s), there can be no assurance that these will continue to be met or will remain unchanged.
As the Units will be listed on the Exchange(s), the Fund shall not provide redemption / repurchase facility for Units prior to maturity / final redemption date of the respective plan.

Credit Risk: While credit risk is associated with all debt investments / debt funds, in the case of FMPs, such risk, if materialized, could have a higher impact on the NAV as the resolution may have to be done at distress.

Reinvestment Risk: Investments by FMPs are restricted to securities maturing on or before the maturity date of the FMP. Investment of the fund that are repaid or sold before the fund maturity date would need to reinvested in shorter tenor securities / CBLO with maturity before the FMP date. Yield on such reinvestments may be lower given shorter duration of such investments with consequential impact on overall yield / return of the fund.

RISK ASSOCIATED WITH INVESTING IN DERIVATIVES

The Scheme will invest in derivative products in accordance with and to the extent permitted under the Regulations and by RBI. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.

PLANS

Direct Plan:

Investors proposing to purchase units of the Scheme directly from the Mutual Fund (i.e. investments not routed through an AMFI Registration Number (ARN) Holder) can invest under the Direct Plan. The options referred above (i.e. Dividend (Payout) and Growth) will be available under the Direct Plan. The Scheme shall have a common portfolio i.e. the Direct Plan will not have a segregated portfolio.

Investments under the Direct Plan can be made through various modes offered by the Mutual Fund for investing directly with the Mutual Fund (except Stock Exchange Platform(s) and all other platform(s) where investors’ applications for subscription of units are routed through distributors).

Investors subscribing under the Direct Plan will have to indicate “Direct Plan” against the Scheme name in the application form i.e. “L&T FMP – Series XIV – Scheme C - Direct Plan”. Investors should also indicate “Direct” in the ARN column of the application form.

Regular Plan:

Investors proposing to purchase units of the Scheme through an ARN Holder can invest under the Regular Plan. The options referred above will be available under the Regular Plan. The Scheme shall have a common portfolio. i.e. the Regular Plan will not have a segregated portfolio.

The application(s) will be processed under Direct / Regular Plan as stated in the table below:

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under the Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of allotment without any exit load.
OPTIONS

Each Scheme offers Growth option and the Dividend option (payout).

There will be three schemes of varied maturities under this Fund.

There are two options available under a Scheme:

1. Dividend (Payout)
2. Growth*

* If the investor does not clearly specify the choice of option at the time of investing, the default option for the investment will be considered as the Growth Option.

Both Options will have a common portfolio.

APPLICABLE NAV

The Applicable NAV will be the NAV per unit applicable for Redemption of Units on the Maturity Date.

For Units held under dematerialized mode, the price of the Units on the Stock Exchange(s) will depend on demand and supply at that point of time and the underlying NAV.

For Switches

The Transaction Slip can be used by investors to make interscheme switches within the Mutual Fund. All valid applications for switch-out shall be treated as redemption and for switch-in as purchases at the respective applicable NAVs of the scheme/plan/option. In case of a Scheme, switch - in applications will be accepted during the NFO period and switch - out will be permissible on maturity of the Scheme.

MINIMUM APPLICATION/BALANCE AMOUNT

Rs. 5,000 and in multiples of Re.1 thereafter.

DESPATCH OF REPURCHASE (REDEMPTION) REQUEST

The redemption proceeds will be dispatched to the Unit Holders within 10 Business Days from the Maturity Date.

BENCHMARK INDEX

Scheme C : CRISIL Composite Bond Fund Index

DIVIDEND POLICY

The Trustee may decide to distribute by way of dividend, the surplus by way of realised profit, dividends and interest, net of losses, expenses and taxes, if any, to Unit Holders in the dividend option of a Scheme if such surplus is available and adequate for distribution in the opinion of the Trustee. The Trustee’s decision with regard to availability and adequacy, rate, timing and frequency of distribution shall be final. The dividend will be due to only those Unit Holders whose names appear in the register of Unit Holders in the Dividend Option (Payout) of a Scheme on the record date which will be fixed by the Trustees and announced in advance.

Further, the NAV shall be adjusted to the extent of dividend distribution and statutory levy, if any, at the close of business hours on record date. Within one day of the decision by the Trustees regarding dividend distribution rate and record date, AMC shall issue notice to the public communicating the decision including the record date. The record date shall be 5 calendar days from the issue of notice. Such notice shall be given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the head office of the mutual fund is situated.

Any dividend declared will be compulsorily paid out and the AMC shall dispatch to the Unit Holders, the dividend warrants within 30 days of the date of declaration of dividend.

Further, the dividend proceeds may be paid by way of direct credit/NEFT/RTGS/Wired Transfer/any other manner through which the investor’s bank account specified in the Registrar’s/Depository’s records is credited with the dividend proceeds.

At least 5% of the total recurring expenses is charged towards distribution expenses/ commission in the Regular Plan. The total recurring expenses of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission (at least 5%) which is charged in the Regular Plan. For Example, in the event that the TER of the Regular Plan is 1%, the TER of the Direct Plan would not exceed 0.95% p.a.
The AMC shall charge the scheme with investment management and advisory fees in accordance with Regulation 52 (2) of SEBI Regulations.

The Mutual Fund/AMC shall annually set apart at least 2 basis points of the daily net assets of a scheme within the maximum limit of total recurring expenses as per Regulation 52 for investor education and awareness initiatives.

In accordance with Regulation 52 (6A), the following expenses can be charged in addition to the existing total recurring expenses charged under Regulation 52 (6):

a. brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 % in case of cash market transactions and 0.05 % in case of derivatives transactions;

Please note that any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps for cash market and derivatives transactions respectively, shall be charged to the Scheme within the total recurring expenses limit specified under Regulation 52. Any expenditure in excess of the said limit will be borne by the AMC/Trustees/Sponsors.

b. additional recurring expenses up to 30 basis points on daily net assets of the Scheme, if the new inflows from cities as specified by SEBI are at least (a) 30% of gross new inflows in the scheme; or (b) 15% of the average assets under management (year to date) of the Scheme, whichever is higher.

In case inflows from such cities are less than the higher of (a) or (b) stated above, additional expenses on daily net assets of the Scheme can be charged on a proportionate basis.

The expenses so charged can be utilised for distribution expenses incurred for bringing inflows from such cities.

The amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Pursuant to SEBI circular dated September 13, 2012, additional TER can be charged up to 30 basis points on daily net assets of the Scheme as per Regulation 52 of the SEBI Regulations, if the new inflows from beyond top 15 cities are at least (a) 30% of gross new inflows in the scheme or (b) 15% of the average assets under management (year to date) of the scheme, whichever is higher.

In case inflows from beyond top 15 cities is less than the higher of (a) or (b) above, additional TER on daily net assets of the Scheme shall be charged as follows:

\[
\text{Daily net assets} \times 30 \text{ basis points} \times \text{New inflows from beyond top 15 cities} \times 365 \times \text{Higher of (a) or (b) above}
\]

* 366, wherever applicable

Service Tax:

a) Service tax on the investment management and advisory fees will be charged to the Scheme in addition to the total recurring expenses limit specified under Regulation 52.

b) Service tax, if any, on any other fees/expenses (including brokerage and transaction costs on asset purchases) shall be charged to the Scheme within the total recurring expenses limit specified under Regulation 52.

TAX TREATMENT FOR THE INVESTORS (UNITHOLDERS)

You are advised to refer to the details in the Statement of Additional Information and also independently refer to your tax advisor.

DAILY NET ASSET VALUE (NAV) PUBLICATION

The NAVs of a Scheme will be calculated by the Fund on all Business Days and details may be obtained by calling the investor line of the AMC at 1800 2000 400 or 1800 4190 200. The Fund will publish the NAVs of the Scheme in at least two daily newspapers on all Business Days. The NAVs of the Scheme will also be updated by 9.00 p.m. on all Business Days on the website of the Fund i.e. www.lntmf.com and on the AMFI website i.e. www.amfiindia.com

If the NAVs are not available before commencement of business hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAVs.
In case of investors opting to hold the Units in physical mode, on allotment, the AMC/Fund will send to the Unit Holder, an account statement/transaction confirmation specifying the number of units allotted by way of e-mail and/or SMS within 5 Business Days from the date of closure of New Fund Offer to the Unit holders registered e-mail address and/or mobile number.

In case of a specific request received from the Unit holders, the AMC/Fund will provide the account statement in physical to the investors within 5 Business Days from the receipt of such request.

In case of investors opting to hold the Units in dematerialized form, an account statement could be obtained from the Depository Participants.

Further, kindly note the following:

• Applicable to investors who opt to hold units in non-demat form

  Account statements to be issued in lieu of Unit Certificates under a Scheme shall be non-transferable. The account statement shall not be construed as a proof of title.

  All Units of a Scheme will rank pari passu, among Units within the same option in the Scheme, as to assets and earnings.

For normal transactions during ongoing sales and repurchase:

• A consolidated account statement for each calendar month to the unit holder(s) in whose folio(s) transaction(s) has/have taken place during the month on or before 10th of the succeeding month shall be sent physically or by e-mail.

• In the event the account has more than one registered holder, the first named unit holder shall receive the CAS/account statement.

• The transactions viz. purchase, redemption, switch, dividend payout, etc., carried out by the unit holders shall be reflected in the CAS on the basis of Permanent Account Number (PAN).

• The CAS shall not be received by the unit holders for the folio(s) not updated with PAN details. The unit holders are therefore requested to ensure that the folio(s) are updated with their PAN.

• For folios not included in the CAS (due to non-availability of PAN), the AMC/Mutual Fund shall issue monthly account statement to such unit holder(s), for any financial transaction undertaken during the month on or before 10th of succeeding month by physical mode.

• In case of a specific request received from the unit holders, the AMC/Mutual Fund will provide the account statement in physical to the investors within 5 Business Days from the receipt of such request.

• The unit Holder may request for a physical account statement by calling the investor line of the AMC at 1800 2000 400 or 1800 4190 200.

Half Yearly Consolidated Account Statement:

• The AMC/Mutual Fund will provide to unit Holders a CAS detailing holding across all schemes of all mutual funds at the end of every six months (i.e. September/March), on or before 10th day of succeeding month, in whose folios no transaction has taken place during that period. The half yearly consolidated account statement will be sent by e-mail to the unit holders whose e-mail address is available, unless a specific request is made to receive in physical. CAS will not be sent to a unit Holder in respect of folios whose PAN details are not updated.

• Further, CAS issued for the half-year (September/March) shall provide the following, in the prescribed format provided by SEBI:

  a) Total purchase value / cost of investment in each scheme invested by the investor.
b) The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the investor’s total investments in each MF scheme.

The term ‘commission’ here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors.

c) The scheme’s average Total Expense Ratio (in percentage terms) for the half-year period, of both Direct Plan and Regular Plan, for each scheme where the investor has invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

- Applicable to investors who have a demat account and opt to hold units in non-demat form.

**Monthly SCAS:**

- A single Securities Consolidated Account Statement (“SCAS”)^ for each calendar month to the unit holder(s) who are holding a demat account (‘Beneficial Owner(s)’) in whose folio(s) transaction(s) has/have taken place during the month on or before 10th of the succeeding month shall be sent physically or by e-mail.

^SCAS shall contain details relating to all the transaction(s)** carried out by the Beneficial Owner(s) (including transaction charges paid to the distributor) across all schemes of all mutual funds and transactions in securities held in dematerialized form across demat accounts, during the month and holdings at the end of the month.

**transaction(s) shall include purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal advantage plan, systematic transfer plan, bonus transactions, etc.

- Consolidation of account statement shall be done on the basis of PAN.
- In case of multiple holding, identification shall be based on the PAN of the first holder and the pattern of holding.
- The SCAS will be sent by e-mail to the investor(s) whose e-mail address is registered with the Depositories. In case an investor does not wish to receive SCAS through e-mail, an option shall be given by the Depository to receive SCAS in physical.
- The SCAS shall not be received by the unit holder(s) for the folio(s) not updated with PAN and/or KYC details.
- Where PAN is not available, the account statement shall be sent to the Unit holder by the AMC/ Mutual Fund.
- In case of a specific request received from the unit holder(s), the AMC/ Mutual Fund will provide an account statement (reflecting transactions of the Mutual Fund) to the unit holder(s) within 5 Business Days from the receipt of such request.
- In case an investor does not wish to receive SCAS, an option shall be given by the Depository to indicate negative consent.
- Investor(s) having multiple demat accounts across the Depositories shall have an option to choose the Depository through which the SCAS will be received.

**Periodic SCAS:**

- In case there is no transaction in the folio, a half yearly SCAS detailing holding across all schemes of mutual funds and securities held in dematerialized form across demat accounts shall be sent by Depositories to investors at the end of every six months (i.e. September/March), on or before 10th day of succeeding month.
- The half yearly SCAS will be sent physically or by e-mail as per the mode of receipt opted by the investors to receive monthly SCAS.
- In case of demat accounts with NIL balance and no transactions in mutual fund folios and in securities, the depository shall send physical statement to investor(s) in terms of regulations applicable to Depositories.

Unit holders/ Investors opted for physical dispatch and who are not eligible for receiving SCAS/ CAS shall continue to receive a monthly account statement from the AMC/ Mutual Fund.

**Annual Report:**

An annual report of the Scheme will be prepared as at the end of each financial year (i.e. March 31) and copies of the report or an abridged summary thereof will be sent to all Unit Holders as soon as possible but not later than 4 months from the closure of the relevant financial year. In case of an Unit Holder whose e-mail address is available with the AMC/Mutual Fund, the annual report or abridged summary thereof will be sent by way of an e-mail at the e-mail address provided by the Unit Holder and such Unit Holder will not receive physical copies of the annual report or abridged summary thereof unless a specific request is received by the AMC/Mutual Fund in this behalf from the Unit holder.

The Unit Holder may request for physical copies of the annual report or abridged summary thereof by calling the toll-free investor line of the AMC at 1800 2000 400 or 1800 4190 200
A Unit holder whose-mail address is not available with the AMC/Mutual Fund, the AMC shall continue to dispatch the annual report or an abridged summary thereof in physical form.

The full report or the abridged summary thereof will be displayed on the website of the Mutual Fund i.e. www.lntmf.com and will also be available for inspection at the registered office of the AMC and a copy thereof will be provided on request to the Unit Holder.

Half yearly disclosures:

Portfolio

This is a list of securities where the corpus of the Schemes is invested. The market value of these investments is also stated in the portfolio disclosures.

Full portfolio details, in the prescribed format, shall be disclosed either by publishing it in the newspapers or by sending to the Unit Holders within one month from the end of each half-year (i.e. March 31 and September 30) and it shall also be displayed on the website of the Mutual Fund.

Financial Results:

The Mutual Fund shall before the expiry of one month from the close of each half year (i.e. March 31 and September 30) display its unaudited financial results on the website of the Mutual Fund. Further, an advertisement disclosing the hosting of the aforesaid results on the website shall be published in one national English daily newspaper circulating in the whole of India and in a Marathi daily.

INVESTMENT STRATEGY

The investment strategy of the Scheme will be to invest the assets of the Scheme in various debt (including government securities) and money market securities maturing on or before the maturity of the Scheme.

The actual percentage of investment in various fixed income securities will be decided after considering the economic environment (including interest rates and inflation), the performance of the corporate sector and general liquidity, prevailing political conditions and other considerations in the economy and markets. Also the Fund Manager(s) will generally be guided by, but not restrained by, the ratings announced by various rating agencies on the debt instruments available in the market.

All investments made by the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, as amended from time to time.

• The overall portfolio structuring would aim at controlling risk at moderate level. Issuer specific risk will be minimised by investing only in those companies that have been thoroughly researched in-house. Risk will also be managed through broad diversification of the portfolios within the framework of the Schemes’ investment objective and policies.

• The AMC will follow a structured investment process in order to identify the best securities for investment and has developed an internal research framework for consistently examining all securities.

Credit Evaluation Policy

Investors are requested to note that the following Credit Evaluation Policy shall be followed by the AMC:

The AMC has a dedicated credit analysis function for conducting the due-diligence and thorough analysis of each company. Investments in fixed income instruments are made on the basis of an internal approved list of companies/issuers. The list is usually reviewed on a half yearly basis with respect to their financial health. The Companies/Issuers which already form part of the portfolio are reviewed on a regular basis as their financial results are published. The ratings of companies/issuers in this internal approved list are under a continuous watch by the credit analysis function. Any upgrades or downgrades are immediately informed to the Investment Team and action (if any) is taken immediately.

For inclusion of a new company/issuer in an internal approved list, a detailed process is followed by the AMC. The credit analysis function prepares a detailed report on the company/issuer taking into account both qualitative and quantitative parameters. The report is prepared after carefully studying the company financial data, its track record, its sponsor/parent in terms of their financials, any defaults to its creditors etc. The Analyst/Fund Manager may also meet the management of the company/issuer. In addition to this, the sector in which the company/issuer operates is also studied.

The AMC would ensure that appropriate risk mitigating measures are in place throughout the tenure of portfolio of the Scheme i.e., right from the beginning of the portfolio construction phase. It involves all tenets of independent credit risk analysis, adequate diversification of the portfolio and maturity of securities being in line with the maturity of the portfolio. In order to ensure adequate independent risk management, the AMC shall endeavour independence through credit risk analysis of all the intended credits.
Investments in Securitised Debt/Structured Instruments

The various asset classes which are generally available for securitisation in India are:

• Commercial Vehicles
• Construction equipment
• Auto and two wheeler pools
• Mortgage pools
• Personal loan, credit cards and other retail loans
• Micro finance loans
• Corporate loans/receivables
• Project SPV’s receivables

As and when new asset classes of securitised debt/structured instruments are introduced, the investments in such instruments will be evaluated on a case by case basis.

The dedicated credit research function which supports the Fund Manager will generally adopt a bottom-up approach while assessing the originator and will consider various factors for the purpose of identification of the securitised debt to which the Scheme could take exposure which will include profile of the issuer/originator, nature of asset class, analysis of underlying loan portfolio, seasoning of loans, geographical distribution of loans, coverage provided by credit-cum-liquidity enhancements, pre-payment risks (if any), assessment of credit risk associated with the underlying borrower and other associated risks. For Project SPV’s receivables, in addition to the profile of issuer and its sponsor, credit function will also consider the track record of underlying project cash flows, project viability, receivables visibility under various scenarios, counterparty risk and structure of the instrument in terms of available credit enhancements/guarantees/ring-fencing of cash flows.

Investments in securitised debt will be done in accordance with the overall investment objective and the risk profile of the Scheme and will primarily be for the purposes of achieving portfolio diversification and optimising returns. Securitisation enables end investors to obtain exposure to large number of smaller size retail loans, and also to SPV receivables, strengthened by robust instrument structure, which can help diversify idiosyncratic risk. Carefully created portfolio of good quality loans, combined with adequate credit enhancements can, from time to time, provide good risk-adjusted investment opportunities for the investing scheme. It must be noted that the securitised debt/structured instruments instruments are relatively less liquid in the secondary market, since the Scheme does not provide exit option to unitholders the liquidity risk can be prudently managed. The various disclosures with respect to securitised debt made in the Scheme Information Document will help the investors to assess and understand the risks which the Scheme will be subject to as a result of investments in securitised debt.

The credit research function awards an internal rating for various issuers based on the independent research and by following L&T’s internal credit process taking into account issuer’s/originator’s historical track record, prevailing rating and financial statements.

The issuer/originator will be evaluated based on various parameters including but not limited to -

• track record - In conjunction with the track record, other relevant factors which will be considered are level of credit enhancement, support from the parent and the ownership structure of the securitization vehicle. In case of project SPVs, track record of its lead sponsor will be considered.
• the willingness and ability to pay – For transactions with recourse to the originator, internal credit assessment of the originator would play a crucial role in determining the willingness and ability to pay. For transactions without recourse to the originator, credit enhancement facilities in the form of cash collateral, such as fixed deposits, bank guarantee etc. could be obtained as a risk mitigation measure. A detailed financial risk assessment of the issuer/originator will be carried out by identifying the financial risks specific to the issuer/originator including assessment of the issuer’s financial statements.

Also the following critical evaluation parameters would be considered by the Fund Manager/the credit research function:

• High default track record/frequent alteration of redemption conditions/covenants
• High leverage ratios of the ultimate borrower (for single-sell downs) – both on a standalone basis as well on a consolidated level/group level
• Higher proportion of re-schedulement of underlying assets of the pool or loan, as the case may be
• Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
• Poor corporate governance
Risks associated with investments in securitised debt/structured instrument:

The underlying assets in securitised debt may assume different forms and the general types of receivables include auto finance, credit cards, home loans or any such receipts. Credit risks relating to such receivables depend upon various factors, including macroeconomic factors of these industries and economies. Further, specific factors like the nature and adequacy of property mortgaged against these borrowings, the nature of loan agreement/mortgage deed in case of home loans, adequacy of documentation in case of auto finance and home loans, capacity of a borrower to meet his obligations on borrowings in case of credit cards macro-economic risks & counter party risks related to project receivables in terms of project SPVs and intentions of the borrower also influence the risks relating to asset borrowings underlying securitised debt/structured instrument. Additionally, the nature of the asset borrowings underlying the securitised debt/structured instrument also influences the underlying risk, for instance while residential mortgages tend to have lower default rates, repossession and recovery is easier in case of commercial vehicles. Credit rating agencies take into account a series of such factors and follow an elaborate system involving stipulation of margins, over-collateralisation and guarantees to provide a rating for securitised debt.

In case of securitised debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the reinvestment of the periodic cash flows that an investor receives on securitised papers.

- **Tenor risk:** While building the planned amortization schedule for a PTC, there can be a clause stating a minimum percentage of receivable by the issue to stick to the initial cash flows. If the receivables are less than the minimum stated receivables then the tenor of the PTC can get elongated or vice versa.

- **Risk due to prepayment:** In case of securitised debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the re-investment of the periodic cash flows that an investor receives on securitised papers.

In the event of pre-payment of the underlying debt, investors may be exposed to changes in tenor and yield.

- **Liquidity Risk:** Presently, despite recent legal developments permitting the listing of securitised debt/structured instrument, the secondary market for securitised debt in India is not very liquid. Even if a more liquid market develops in the future, secondary transactions in such instruments may be at a discount to initial issue price due to changes in the interest rate structure.

- **Limited Recourse, Delinquency and Credit Risk:** Certificates issued on investment in securitised debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan/decline in project SPV’s receivables can adversely affect the pay outs to the investors and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of a Obligor to repay his obligation, the Servicer may repossess and sell the underlying Asset. However many factors may affect, delay or prevent the repossesssion of such Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.
• **Bankruptcy Risk:** If the originator of securitised debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a ‘true sale’, then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a ‘true sale’.

• **Risk of Co-mingling:** Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the Servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

**RISK MITIGATION**

Investments in securitised debt will be done based on the assessment of the originator and the securitised debt which is carried out by the credit research function based on the in-house research capabilities as well as the inputs from the independent credit rating agencies as well as the inputs from the independent credit rating agencies and by following L&T’s internal credit process. In order to mitigate the risk at the issuer / originator level the credit function will consider various factors which will include-

- size and reach of the issuer / originator;
- collection process;
- the infrastructure and follow up mechanism;
- the quality of information disseminated by the issuer / originator; and
- the credit enhancement for different types of issuer / originator.
- track record of project SPV receivables, counter party risk & project risk.

The examples of securitized assets which may be considered for investment by the Scheme and the various parameters which will be considered include:

A) Asset backed securities issued by banks or non-banking finance companies. Underlying assets may include receivables from loans against cars, commercial vehicles, construction equipment or unsecured loans such as personal loans, consumer durable loans, corporate receivables etc. The various factors which will be usually considered while making investments in such type of securities include profile of the issuer, analysis of underlying loan portfolio – nature of asset class, seasoning of loans, geographical distribution of loans and coverage provided by credit-cum-liquidity enhancements.

B) Mortgage backed securities issued by banks or housing finance companies, where underlying assets are comprised of mortgages / home loan. The various factors which will be usually considered while making investments in such type of securities include issuer profile of the issuer, quality of underlying portfolio, seasoning of loans, coverage provided by credit-cum-liquidity enhancements and prepayment risks.

C) Single loan securitization, where the underlying asset comprises of loans issued by a bank / non-banking finance company. The factor which will be usually considered while making investments in such type of securities include assessment of credit risk associated with the underlying borrower as well as the originator. The dedicated credit research function will adhere to the L&T’s internal credit process and perform a detailed review of the underlying borrower prior to making investments.

D) Any other instrument that are introduced in the market from time to time.

The Fund Manager will invest in securitised debt/ structured instrument which are rated investment grade and above by a credit rating agency recognised by SEBI.

While the risks mentioned above cannot be eliminated completely, they may be minimized by considering the diversification of the underlying assets and credit and liquidity enhancements. Further, investments in securitised debt/ structured instrument will be done in accordance with the investment restrictions specified under the Regulations / the Scheme Information Document which would help in mitigating certain risks. Currently, as per the Regulations, the Scheme cannot invest more than 10% of its net assets in debt instruments (irrespective of residual maturity) issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the net assets of the Scheme with the prior approval of the Board of Trustees and the Board of the AMC.

In addition, a detailed review and assessment of the ratings of the securitised debt will also be carried out which could include interactions with the issuer / originator and the rating agency.
The rating agency would normally take into consideration the following factors while rating a securitised debt/structured instrument:

- Credit risk at the asset / originator / portfolio / pool level
- Various market risks like interest rate risk, macro-economic risks
- Counterparty risk
- Legal risks
- Assessment of risks related to business for example outlook for the economy, outlook for the industry and factors specific to the issuer / originator.

The framework which will generally be applied by the Fund Manager while evaluating the investment decision with respect to securitised debt will be as follows:

*denotes % of a single ticket / loan size to the overall assets in the securitised pool.

Note: The information illustrated in the table above is based on current scenario relating to securitised debt market and is subject to change depending upon the change in the related factors.

In addition, fund manager’s investment decision would be in conformity of RBI’s guidelines on securitized transactions as applicable for the originators / issuers of the securitized instruments.

In addition to the framework stated in the table above, in order to mitigate the risks associated with the underlying assets where the diversification is less, at the time of investment the credit function could consider various factors including but not limited to:

- Size of the loan - the size of each loan is generally analysed on a sample basis and an analysis of the static pool of the originator is undertaken to ensure that the same matches with the static pool characteristics. It also indicates whether there is high reliance on very small ticket size borrower which could result in delayed and expensive recoveries.
- Average original maturity of the pool of underlying assets - the analysis of average maturity of the pool is undertaken to evaluate whether the tenor of the loans are generally in line with the average loans in the respective industry and repayment capacity of the borrower.
- Loan to value ratio, average seasoning of the pool of underlying assets - these parameters would be evaluated based on the asset class as mentioned in the table above.
- Default rate distribution - the credit function generally ensures that all the contracts in the pool are current to ensure zero default rate distribution.
- Geographical distribution - the analysis of geographical distribution of the pool is undertaken to ensure prevention of concentration risk.
- Credit enhancement facility - credit enhancement facilities in the form of cash collateral, such as fixed deposits, bank guarantee etc. could be obtained as a risk mitigation measure.
• Liquid facility - these parameters will be evaluated based on the asset class as mentioned in the table above.

• Structure of the pool of underlying assets - The structure of the pool of underlying assets would be either single asset class or combination of various asset classes as mentioned in the table above. We could add new asset class depending upon the securitisation structure and changes in market acceptability of asset classes.

The minimum retention period of the debt by the originator prior to securitisation and the minimum retention percentage by originator of debts to be securitised shall be as specified in the RBI guidelines.

There is a dedicated credit research function which supports the Fund Manager in taking investments decisions.

Investments by the scheme in any security are done after detailed analysis by the credit research function and in accordance with the investment objectives and the asset allocation pattern of a scheme. All investments are made on an arm’s length basis without consideration of any investments (existing / potential) in the schemes made by any party related / involved in the transaction. The robust credit process ensures that there is no conflict of interests when a scheme invests in securitised debt of an originator and the originator in turn makes investments in that particular scheme.

The resources for and mechanisms of individual risk assessment with the AMC for monitoring investment in securitized debt are as follows:

• Team dedicated to credit analysis. – Currently, the AMC has credit analysts, who are responsible
  • for credit research and monitoring, for all exposures including securitised debt. Ratings are monitored for any movement – Based on the cash flow report and analyst view, periodic review of utilization of credit enhancement shall be conducted and ratings shall be monitored accordingly.
  • For legal and technical assistance with regard to the documentation of securitised debt instruments, the team can make use of resources within the internal legal team and if required take help of the external legal counsel as well.

Further, the portfolios of the Scheme will be constructed in accordance with the investment restriction specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.

**Investments in derivatives:** A Scheme may invest up to 50% of its net assets in derivatives for the purpose of hedging and portfolio balancing provided the cumulative gross exposure through debt and derivative positions will not exceed 100% of the net assets of the Scheme. Investments in interest rate swaps shall be done only for the purposes of hedging and shall be in terms of requirements specified by SEBI and / or RBI from time to time. Hedging does not mean maximization of returns but only attempts to reduce systemic or market risk that may be inherent in the investment. The manner in which derivative investments may be utilised and the benefits thereof have been explained in the Scheme Information Document. The various risks associated with investing in derivatives have been explained at paragraph “Risk associated with investing in derivatives” above. Any investments in derivatives will be undertaken after considering the risks as set out at paragraph “Risk associated with investing in derivatives” above.

The Scheme does not propose to invest in securities of a company having its principal business activity in the airlines and alcohol sectors.

As per the SEBI Regulations, mutual funds are required to disclose (the floors and ceilings within a range of 5%) the intended allocation (in %) in various securities against each sub asset class/credit rating.

The Scheme may invest in various securities/instruments as per the table given below:-

(%) of net assets
Notes:

a) The Fund manager reserves the right to deviate the asset allocation pattern in favour of higher credit rating in the same instrument.

b) As a result of non-availability of CPs and NCDs (including securitised debt) and considering the risk - reward analysis of the aforesaid instruments, the Scheme may invest in Treasury Bills, CBLOs, Reverse Repo, units of Liquid funds as defined under SEBI Regulations and CDs having highest rating (A1+).

c) As a result of non-availability of CDs and considering the risk - reward analysis of the aforesaid instrument, the Scheme may invest in CBLOs, Treasury Bills, Reverse Repo and units of Liquid funds as defined under SEBI Regulations.

d) Exposure to cash and cash equivalent (including units of debt/fixed income schemes of mutual funds registered with SEBI and/or fixed deposits) would be higher post closure of NFO of the Scheme and towards its maturity.

e) The Schemes may have exposure in unrated securities and derivatives instruments as per the limits specified in this document and as may be permitted under the Regulations and RBI from time to time.

f) Any deviations from the floor and ceiling of credit ratings specified above for any instrument shall be rebalanced within a period not exceeding 5 days for Schemes with maturity over 30 days up to 3 months, 15 days for Schemes up to 6 months of maturity and 30 days for Schemes beyond 6 months of maturity. The rebalancing period for Schemes with maturity up to 30 days will be NIL.

g) During the tenure of the Scheme, the above allocation may vary due to instances like (i) coupon inflow; (ii) the instrument is called or bought back by the issuer; (iii) in anticipation of any adverse credit event.

(h) All investments shall be made based on the ratings prevalent at the time of investment. However, in case of a security/ an instrument having dual ratings, the most conservative publicly available rating would be considered.

There would be no variation between the indicative portfolio allocation and the final portfolio, except under the circumstances mentioned points (a), (b), (c), (d), (f) and (g).

Investments in derivatives:
The AMC will comply with all requirements as stipulated in the SEBI circular number Cir/IMD/DF/11/2010 dated August 18, 2010 with respect to investments in derivatives.

A Scheme may invest up to 50% of its net assets in derivatives for the purpose of hedging and portfolio balancing. Hedging does not mean maximization of returns but only attempts to reduce systemic or market risk that may be inherent in the investment. The manner in which derivative investments may be utilised and the benefits thereof have been explained in the Scheme Information Document. The various risks associated with investing in derivatives have been explained at paragraph “Risk associated with investing in derivatives” above. Any investments in derivatives will be undertaken after considering the risks as set out at paragraph “Risk associated with investing in derivatives” above.

SPECIAL CONSIDERATIONS
The Fund/AMC and its empanelled brokers have not given and shall not give any indicative portfolio and indicative yield in any communication, in any manner whatsoever. Investors are advised not to rely on any communication regarding indicative yield/portoflio with regard to the scheme.

MATURITY
A Scheme shall be fully redeemed at the end of its tenure unless rolled over as per SEBI Regulations. The tenure of Scheme C will be 1150 days.

The redemption proceeds will be dispatched to the Unit Holders within 10 Business Days from the Maturity Date.

If the day following the Maturity Date is a non-business day, then the redemption proceeds will be dispatched on such other nearest Business Day as the AMC may deem to be appropriate subject to the proceeds being dispatched within 10 Business Days.

During the tenure of a Scheme, the Units under a Scheme cannot be redeemed by an Unit holder by submitting a redemption request directly to the Fund.

However, since the Units under a Scheme will be listed on a Stock Exchange, the Unit holders can purchase/redeem Units on a continuous basis from/on the Stock Exchange(s) on which the Units are listed. The Units can be purchased/redeemed during the trading hours of the Stock Exchange(s) like any other publicly traded stock, until the commencement of the book closure period decided by the AMC for determining the Unit holders whose name(s) appear on the list of beneficial owners as per the Depository records for the purpose of redemption of Units on Maturity Date.

On the Maturity Date the Units will be redeemed by the Fund.
TRANSACTION CHARGE(S)

AMC shall deduct Transaction Charge(s) from the subscription amount and pay it to the distributor who has opted to receive. The details of the same are mentioned below:

<table>
<thead>
<tr>
<th>Type of Investor</th>

</table>

However, Transaction Charge(s) will not be deducted for the following:

- Purchase/Subscription submitted by investor at the Investor Service Centres or through AMC’s website viz. www.lntmf.com and which are not routed through any distributor.
- Purchase/Subscription through a distributor for an amount less than Rs. 10,000;
- Transactions such as Switches, STP i.e. all such transactions wherein there is no additional cash flow at a Mutual Fund level similar to Purchase/Subscription.
- Purchase in the secondary market through any Stock Exchange after a Scheme is listed on any Stock Exchange.

The distributors shall have also the option to either opt in or opt out of levying Transaction Charge(s) based on type of the product.

NOTE ON EMPLOYEE UNIQUE IDENTITY NUMBER (“EUIN”)

Please note that disclosing Employee Unique Identity Number is important, especially in case of advisory transactions, as it will help us in resolving your query and assist in tackling the problem of misselling of Mutual Fund schemes.

Impact of expense ratio on the Scheme’s returns:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above, for the Scheme under reference, suppose an investor invested Rs. 10,000/- under the Growth Option, the impact of expenses charged will be as under:

Kindly note the following:

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as indicative returns of the Scheme.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more or less.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Plan under the Scheme will be lower to the extent of the above mentioned distribution expenses/commission.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

f. Restrictions on redemption of Mutual Funds

The following requirement shall be observed before imposing restriction on redemptions:

Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:

- Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security.
- Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.
- Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems.
Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period. Any imposition of restriction would require specific approval of Board of AMC and Trustees. When restriction on redemption is imposed, the following procedure shall be applied:

- No redemption requests upto INR 2 lakh shall be subject to such restriction.
- Where redemption requests are above INR 2 lakh, AMC shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction.

3. Other definitions

(i) Related entity

An entity is a ‘related entity’ of another entity if either entity controls the other entity, or the two entities are under common control. For this purpose, control includes direct or indirect ownership of more than 50% of the votes and value in an entity

(ii) Passive NFE

The term passive NFE means

(i) any non-financial entity which is not an active non-financial entity; or
(ii) an investment entity described in sub-clause (B) of clause (c) of the Explanation to clause (3), which is not located in any of the jurisdictions specified by the Central Board of Direct Taxes in this behalf
(iii) not a withholding foreign partnership or a withholding foreign trust

(iii) Passive income

The term passive income includes income by way of:

(1) Dividends,
(2) Interest
(3) Income equivalent to interest,
(4) Rents and royalties, other than rents and royalties derived in the active conduct of a trade or business conducted, at least in part, by employees of the NFE
(5) Annuities
(6) The excess of gains over losses from the sale or exchange of financial assets that gives rise to passive income
(7) The excess of gains over losses from transactions (including futures, forwards, and similar transactions) in any financial assets.
(8) The excess of foreign currency gains over foreign currency losses
(9) Net income from swaps
(10) Amounts received under cash value insurance contracts

But passive income will not include in case of a non-financial entity that regularly acts as a dealer in financial assets, any income from any transaction entered into in the ordinary course of such dealer’s business as a such dealer.

(iv) Controlling persons are natural persons who exercise control over an entity and includes a beneficial owner under sub-rule (3) of rule 9 of the Prevention of Money-Laundering (Maintenance of Records) Rules, 2005. In determining the Beneficial Owner, the procedure specified in the following circular as amended from time to time shall be applied, namely:-

(i) DBOD AML BC NO.7/1/4.01.001/2012-13, issued on the 18th January, 2013 by the Reserve Bank of India; or
(ii) CIR/MIRSD/2/2013, issued on the 24th January, 2013 by the Securities and Exchange Board of India; or
(iii) IRDA/SSDI/GDL/CIR/019/02/2013, issued on the 4th February, 2013 by the Insurance Regulatory and Development Authority.

In the case of a trust, the controlling person means the settler, the trustees, the protector (if any), the beneficiaries or class of beneficiaries, and any other natural person exercising ultimate effective control over the trust. In the case of a legal arrangement other than a trust, the said expression means the person in equivalent or similar positions.

Refer Explanation (A) to 114F (6) of Income Tax Rules, 1962 for details.
