CORPORATE SOCIAL RESPONSIBILITY (CSR) POLICY

1. **CSR Vision**
   We aspire for an inclusive social transformation of the rural communities we serve by nurturing and creating opportunities for sustainable livelihoods for them.

2. **CSR Mission:**
   Our mission is to reach marginalized farmers and women micro entrepreneurs in the rural communities that we serve and work towards rejuvenating their ecosystems thereby creating sustainable livelihoods and enabling financial inclusion.

3. **LTFS Commitment**
   Our focus is on creating value for indigent communities which desire a secure future. We align our social responsibility theme and commitment with the United Nation’s global development agenda of Sustainable Development Goals (SDG) particularly ‘No Poverty’ (SDG -1), ‘Gender equality’ (SDG -5), ‘Sustainable Cities and Communities ‘Climate Action’ (SDG 13) and ‘Partnership for the goals’ (SDG 17).
   Our key initiatives are woven around **Sustainable Livelihoods of Rural communities** facilitated by two spaces of intervention – Integrated Water Resource Management and Digital Financial Inclusion.

4. **CSR Thrust Areas**
   
   a) **Integrated Water Resource Management (IWRM)** - Water being a key enabling resource in determining rural livelihoods, its efficient management becomes crucial. LTFS is committed to chart out long-term innovative solutions benefitting water-deprived-communities. IWRM programme engages with the communities and more specifically farmers and implement interventions which address their core needs in water & soil health management.

   b) **Digital Financial Inclusion** - Our efforts are to create livelihood opportunities for rural women entrepreneurs and educate them to imbibe nuances of financial literacy leading to enhanced absorption of facilities and schemes granted by the Government and other financial institutions. This
also helps to percolate the national agenda of creating a cashless economy by bringing in digital modes of payment into their daily lives.

c) **Disaster Relief** – Climate Change is leading to increasing incidents of natural disasters in India. We support disaster recovery efforts through a number of practical methods. These include prompt area assessments and provision for immediate relief.

d) **Road Safety** - We have partnered with Mumbai Traffic Police to support and strengthen the existing road traffic management and facilitate seamless traffic in Mumbai. Besides spreading awareness on road safety, we provided various equipment and supported through traffic wardens. Furthermore, in order to reach out to larger community, we create awareness on road safety amongst school going children.

5. **Sustainability**

LTFS conceptualizes CSR programmes keeping in the core needs of communities that it seeks to serve. We believe in partnering and collaborating with local government - the Panchayat, public and private organizations, not for profits, social enterprises and communities.

Inputs are taken from each stakeholder at the programme designing phase and a regular feedback mechanism is instilled to monitor the project progress. Our projects are tracked through business like metrics to measure progress. In all our projects we follow a participatory approach where communities are involved from the concept stage and an ownership is created with them.
