POLICY OF THE COMPANY ON DIRECTORS’ APPOINTMENT AND REMUNERATION FOR DIRECTORS, KEY MANAGERIAL PERSONNEL AND OTHER EMPLOYEES

A) Background and Objective

Section 178 of the Companies Act, 2013 (the Act) requires the Nomination and Remuneration Committee to formulate a Policy relating to the remuneration for the Directors, Key Managerial Personnel (KMP), Senior Management and other employees of the Company and recommend the same for approval of the Board. Further, Section 178(4) of the Act stipulates that the policy shall be disclosed in the Board’s Report.

Moreover, Section 134 of the Act stipulates that the Board’s Report shall include a statement on Company’s Policy on directors’ appointment and remuneration including criteria for determining qualifications, positive attributes, independence of director and remuneration for key managerial personnel and other employees.

In terms of the requirement of the Act, and based on

recommendation of Nomination and Remuneration Committee, the Board has framed the Policy on Directors’ Appointment and Remuneration for Directors, Key Managerial Personnel and other Employees (**“the Policy”**)

B) Brief Framework of the Policy

a) The objective of this Policy is :

- To guide the Board in relation to appointment and removal of Directors.
- To evaluate the performance of the Members of the Board including Independent Directors.
- To formulate the criteria for evaluation of Independent Director and the Board.
- To determine criteria for payment of remuneration to Directors, Key Managerial Personnel, Senior Management and Employees.
- To recommend to the Board on remuneration payable to the Directors including Key Managerial Personnel, Senior Management and Employees, if required.

b) Evaluation Criteria of Directors and Senior Management/Key Managerial Personnel/ Employees

• Non-Executive Directors/Independent Directors

Before determining the remuneration, the Nomination and Remuneration Committee (NRC) is required to carry out evaluation of performance of Independent Directors/Non-Executive Directors, against the following criteria:

- Membership & attendance – Board and Committee Meetings
- Contribution during such meetings
- Active participation in strategic decision making
- Inputs to executive management on matters of strategic importance.

- **Senior Management/ Key Managerial Personnel/ Employees**

The Human Resources Department (HR Department) would assign the responsibility of carrying out the evaluation of the aforementioned persons every year ending March 31st, to the reporting superior/ department heads. Key Performance Indicators (KPI) are identified well in advance at the commencement of the financial year. Performance benchmarks are set and evaluation of employees is done by the respective reporting superior/ department head/ Management vis-à-vis the performance benchmarks. The payment of remuneration/ annual increment to the aforementioned persons is determined after the satisfactory completion of Evaluation process.

The HR Department of the Company is authorised to design the framework for evaluating performance of the KMPs/ Senior Management Personnel/ Employees. The objective of carrying out the evaluation by the Company is to identify and match rewards with performance.

C) **Criteria for Remuneration**

In determining the criteria for remuneration for Executive Directors and Senior Management, the NRC shall ensure/ consider the following:

- 1) the relationship between remuneration and performance benchmark is clear;
- 2) the balance between fixed and incentive pay reflecting short and long term performance objectives, appropriate to the working of the Company and its goals;
- 3) the remuneration is divided into two components viz. fixed component comprising salaries, perquisites and retirement benefits and a variable component comprising performance bonus;
- 4) the remuneration including annual increment and performance bonus is decided based on the criticality of the roles and responsibilities, the Company's performance vis-à-vis the annual budget achievement, individuals performance vis-à-vis KRAs / KPIs, industry

benchmark and current compensation trends in the market.

- 5) The increment/ performance bonus declared shall be solely at the discretion of reporting superior/ department head(s)/ management.

Annual Performance Evaluation

Pursuant to the provisions of the Companies Act, 2013 (the Act), the Board has carried out an annual evaluation of its own performance, the directors individually as well as the evaluation of the working of its Audit Committee and NRC.

Manner of Evaluation

The NRC and the Board have laid down the manner in which formal annual evaluation of the performance of the Board, its Committees and individual directors has to be made.

It includes circulation of evaluation forms separately for evaluation of the Board and its Committees and Independent Directors/Non-Executive Directors.

The process of the annual performance evaluation broadly comprises:

Board Evaluation:

- Evaluation of the Board as a whole by the individual Board members followed by collation thereof by NRC for apprising the Board.

Audit Committee and NRC Evaluation:

- Evaluation of the Committees by the respective Committee members, followed by compilation thereof by NRC for submission to the Board

Independent / Non-Executive Directors Evaluation:

- Evaluation by other Board members excluding the Director being evaluated, followed by the individual feedback to the directors concerned by the Chairman of the Board and summary feedback to the NRC.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The major product portfolio of the Company includes:

- 2-wheeler financing
- Auto loans – New and Used
- Corporate Products
- Micro Finance

Management aims to achieve a healthy return on equity (ROE) on a sustainable basis and deliver attractive returns to all stakeholders. It is a conscious management decision to have diversified businesses to protect the overall profitability. Hence, the Company has focused on comprehensive product offerings, though some have been developed as flagship products.

While creating the product-mix, three parameters are taken into account: profitability, scalability and the Company's ability to have clear market advantage in a particular product segment. These three parameters influence the ultimate choice of the Company's product offerings, for which it has earned admiration in the wider marketplace.

The retail business is seasonal in nature, hence poses the maximum risk to our business. The impact of irregular monsoons has been incorporated while planning and budgeting. Other political and economic factors like state elections, parliamentary bills, expectation of rate cuts are other factors, we have minimal control over. However, opportunities have been observed in this environment as well. We have planned market share growth keeping all these indices in mind, credit cost control have been monitored with dealer engagement and operating in the selective safer segment has been the mantra for the Company.

Two Wheeler

In two-wheeler loans, while the industry volume increased by 3% during the financial year 2015 - 2016, the Company grew by 14%, leading to an increase in its market share. This performance was facilitated by better penetration in existing locations and active efforts to extend reach to new markets.

Financial Services (LTFS) market share in said business was around 9%. Focus continued on reducing operational costs and credit costs through critical project initiatives, viz. mobile based rule engine for two wheelers. The two wheeler book size increased by 24% during the financial year 2015-16 as compared to the financial year 2014-15.

Auto loans – New and Used

During the year under review, the Company's New Auto Loan business de-grew by 74%, from ₹ 401 Crs during the financial year 2014-15 to ₹ 105 Crs during the financial year 2015-16, due to strategy of the Company to de-emphasize the growth in new Auto Loans. Further, during the financial year 2015 - 16, the Used Auto Loan business of the Company grew by 63%.

Micro Finance

During the year, the Company purchased a Pool of Micro Finance Assets through assignment from one of the Group Companies.

Major initiatives during the year:

During the financial year 2015 - 16, your company had undertaken several initiatives with an objective to enhance customer reach and centricity, multi channel reach, build scalability, manage risks effectively, attain process excellence and business continuity and aid cost flexibility.

- Mobility solutions: Loan origination and collection in the Consumer and Auto Finance business is completely based on mobility solutions. Loan origination is carried out through Android based tablets that aim to drive sales effectiveness through use of technology for reducing turnaround time. During the year, more than 80,000 cases have been originated through these tablets. Collections are carried out through mobile phones coupled with thermal Bluetooth printers to issue receipts.
- In order to optimize service quality and to consolidate processes, the Company has rationalized the number of processing centres. At the same time the Company has outsourced non-core activities like loan data entry. This has resulted in increase in efficiency through the year.
- Unified data warehouse has been implemented.

Risk Management Practice

The Company has a robust risk management practice that enables it to mitigate and manage risks in its businesses. In line with international best practices, the risk function is structured to operate independently from the business groups.

The Risk Management Framework of the Company is derived from the overall Enterprise Risk Management Framework of L&T Financial Services Group, which encompasses credit, market as well as operational risks.

The credit function independently evaluates proposals based on well-established sector specific internal frameworks, in order to identify, mitigate and allocate risks as well as to enable risk-based pricing of assets. Regulatory and process risks are identified, mitigated and managed by a separate group.

Human Resources

The Human Resources initiative focuses on structured training programmes (both in-house and external) intended to equip employees at all levels, with the necessary knowledge and experience in order to demonstrate high levels of performance. There are 2,213 permanent employees on the rolls of the Company.

Internal Control and its adequacy

The Company has put in place internal controls to ensure that all transactions are authorised, recorded and reported correctly and in accordance with the Policies, Guidelines, Processes and Frameworks approved by the Board and / or its Committees.

Periodic reviews by management as well as an extensive programme of audits (both internal and external) supplement the controls and provide necessary checks and balances.

Outlook

Considering the uncertain economic environment, the Company would remain focused on high yielding products with intent to improve ROE. The company has identified some core products for the year ahead, namely two wheelers, Micro Finance and Corporate Products. Other non-core products will be structurally rundown.

Cautionary Statement/Disclaimer (for this Report)

Certain statements in this Report which describe the Company's objectives, predictions may be "forward-looking statements" within the meaning of applicable laws and regulations. Actual results may vary significantly from the forward looking statements contained in this document, due to various risks and uncertainties. These risks and uncertainties include the effect of economic and political conditions in India, volatility in interest rates, new regulations and government policies that may impact the Company's business, as well as its ability to implement the strategy. Independent Auditors' Report

To the Members of Family Credit Limited Report on the Financial Statements

We have audited the accompanying standalone financial statements of **Family Credit Limited** (the 'Company'), which comprise the Balance Sheet as at 31st March, 2016, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the 'Act') with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and reasonableness of the accounting estimates made by the Company's Directors as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, and its profit and its cash flows for the year ended on that date.

Annexure 'B' To The Independent Auditor's Report

(Referred to in paragraph 2(f) of our report of even date)

We have audited the internal financial controls over financial reporting of ABC Limited (the 'Company') as of 31st March, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the 'Act').

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit

opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the Financial Statements for the year ended March 31, 2016

(Amount in Rupees Lakh unless otherwise stated)

1. Corporate Information

Family Credit Limited ('the Company') is a public company domiciled in India. The Company is a systemically important non-deposit accepting non-banking financial company or NBFC-ND-SI registered with the Reserve Bank of India (RBI). The Company is engaged in the business of financing of two wheelers, three wheelers, automobiles, personal loans, loans against shares, term loans and loans against property.

2. Basis of preparation

The financial statements of the Company have been prepared in accordance with Generally Accepted Accounting Principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the Accounting Standards notified under section 133 of the Companies Act 2013, read with rule 7 of the Companies (Accounts) Rules, 2014 and the provisions of the Reserve Bank of India ('RBI') as applicable to a non banking financial company. The financial statements have been prepared under historical cost convention on an accrual basis except for interest on loans, which have been classified as non-performing assets are accounted on realised basis.

The accounting policies adopted in preparation of financial statements are consistent with those used in the previous year.

2.1 Significant Accounting Policies

(a) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(b) Tangible fixed assets

Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The Cost comprises the purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use.

Gains or losses arising from sale of fixed assets are measured as difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss.

(c) Depreciation on tangible fixed assets

- i. Depreciation on tangible fixed assets is provided on the straight line method using the rates arrived at based on useful life of the assets prescribed under Schedule II of the Companies Act, 2013 which is also the management's estimate of useful life of the assets.
- ii. Leasehold improvements are amortised over the primary lease period.
- iii. Fixed assets costing upto ₹5,000 individually are depreciated fully in the year of purchase.
- iv. Residual value has been taken at 5% of the cost.

(d) Intangible assets

Intangible assets are stated at cost, less accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on the straight line basis over the estimated useful economic life. Computer software is amortised on a straight line basis over a period of three years.

(e) Impairment of tangible and intangible assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In

Notes to the Financial Statements for the year ended March 31, 2016

(Amount in Rupees Lakh unless otherwise stated)

assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(f) Classification and provisioning of loan portfolio

- i. Loans and other credit facilities are classified as standard, sub-standard, doubtful and loss assets in accordance with Systemically Important Non - Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2015, as amended from time to time.
- ii. Provision in respect of non-performing assets are made based on management's assessment of the degree of impairment of the loans and advances subject to the minimum provision required as per Systemically Important Non - Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2015, as amended from time to time.

(g) Leases

Where the Company is Lessee:

Leases where the lessor effectively retains, substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

(h) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

- i. Interest income on loans given is recognised under the accrual method. Income including interest or any other charges on non-performing asset is

recognized only when realized. Any such income recognized before the asset became non-performing and remaining unrealized is reversed.

- ii. Interest income on deposits with banks is recognised on a time proportion accrual basis taking into account the amount outstanding and the rate applicable.
- iii. Loan origination income i.e. processing fees and other charges collected upfront, are recognised at the inception of the loan.

(i) Foreign currency transactions

i. Initial recognition

Foreign currency transactions are recorded in the reporting currency by applying the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii. Conversion

Foreign currency monetary items are reported using the exchange rate prevailing at the close of the financial year.

iii. Exchange differences

Exchange differences arising on the settlement of monetary items, or on reporting monetary items of the Company at rates different from those at which they were initially recorded during the year, or reported in the previous financial statements, are recognized as income or expenses in the year in which they arise.

(j) Retirement and other employee benefits

- i. Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The Company has no obligation, other than the contribution payable to the provident fund.
- ii. Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on project unit

Notes to the Financial Statements for the year ended March 31, 2016

(Amount in Rupees Lakh unless otherwise stated)

credit method made at the end of each financial year.

- iii. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of profit and loss and are not deferred.
- iv. Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

(k) Income Taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty

supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

(l) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(m) Provisions

The Company recognises a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and reliable estimates can be made of the amount of the obligation. Provision are not discounted to its present value and are determined based on best estimated require to settle the obligation at the balance sheet date. These estimates are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

(n) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot

Notes to the Financial Statements for the year ended March 31, 2016

(Amount in Rupees Lakh unless otherwise stated)

be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

(o) Investments

Investments which are readily realisable and intended to be held for not more than a year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. Current investments are carried in the financial statement at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of

the investments. On disposal of an investment, the difference between the carrying amount and disposal proceeds are charged or credited to the statement of profit and loss.

(p) Cash and cash equivalents

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank, cash in hand, and short term investments with original maturity of three months or less.

(q) Borrowing costs

All borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that the company incurs in connection with the arrangement of borrowings.

34. Value Added Tax

The Company received an order from West Bengal Taxation Tribunal (WBTT) for payment of VAT on sale of repossessed assets. In its decision dated April 16, 2010, WBTT concluded that Non-banking financial companies are 'dealers' within the meaning of definition of dealer under Section 2(11)(d) of West Bengal VAT Act, 2003 and accordingly liable for payment of VAT. The Company being one of the petitioners to the Tribunal on the above matter has provided for VAT liability of ₹ 168.40. However the Company has paid VAT under protest amounting to ₹103.30 out of the above liability, on the sale value of repossessed vehicles after claiming benefit of Rule 26K of West Bengal VAT Rules, 2005. The Company had filed a petition before the Calcutta High Court against the order of the WBTT. However, the Calcutta High Court has dismissed the petition in favour of WBTT. The Company along with other petitioners has filed petition before the Supreme Court against the order of the Calcutta High Court.

Further, the Company has received an order from VAT authorities in the state of Orissa in December 2012 levying an amount of ₹ 17 lakh on sale of repossessed assets in Orissa. The Company has made an appeal against the order of the Deputy Commissioner of Sales Tax and made a provision of ₹ 17 lakh as at March 31, 2016 out of which ₹ 8.23 lakh has been paid. Apart from the above proceedings, there are no other proceedings

against the Company for payment of VAT on sale of repossessed assets.

- 35.** Pursuant to the Employees Stock Options Scheme established by L&T Finance Holdings Limited, the holding company, stock options were granted to the employees of the Company during the financial year 2013-14.
