चालकाची घाई अंगलट; बुडालेल्या बोटीतून वाचलेल्यांचा आरोप

बोटीचा वेग अन् थरकाप...

विशेष प्रतिनिधी, मुंबई

अरबी समुद्रातील छत्रपती शिवाजी महाराजांच्या स्मारकाच्या पायाभरणीसाठी आमची बोट निघाली... काही वेळातच बोटीचा वेग वाढला. आमच्या सोबतच्या बोटी वेगळ्या मार्गाने निघाल्या. काही तरी चुकतेय, अशी पाल मनात चुकचुकली... तेवढ्यात बोटीत पाणी शिरू लागले. सुरुवातीला ईंजिन बंद पडले असा भास झाला.. पण, मागच्या बाजूने बोट बुडू लागल्याची कल्पना येताच सर्वांच्या काळजाचा ठोका चुकला... पण दैव बलत्तर म्हणून आम्ही वाचलो, अन्यथा...!

शिवाजी महाराजांच्या स्मारकाच्या पायाभरणीसाठी अरबी समुद्रात गेलेल्या अपघातग्रस्त बोटीवरून सुखरूपपणे परतलेल्या प्रवाशांचे हे अनुभव ऐकताना उपस्थितांच्या अंगावरही काटा उभा राहिला होता. या कार्यक्रमासाठी मुख्य सचिव, काही अधिकारी आणि पदाधिकारी अशी अंतिमहत्त्वाच्या व्यक्तींची एक बोट कार्यक्रम स्थळाकडे निघाल्यानंतर माध्यमांचे प्रतिनिधी आणि काही अधिकारी तसेच शिवसंग्राम संघटनेचे कार्यकर्ते यांना घेऊन अन्य बोटीही निघाल्या.

या बोटीत सार्वजनिक बांधकाममंत्री चंद्रकांत पाटील यांचे खासगी सचिव श्रीनिवास जाधव, स्वीय सहाय्यक अतुल खानोलकरही होते. अपघातग्रस्त बोट काही अंतरावर गेल्यानंतर चालकाने मार्ग बदलला आणि वेगही वाढविला. ‘‘अहो एवढी घाई कशाला .. आम्हाला परत जायचे आहे,’’ असे आम्ही चालकाला सांगितले. मात्र तो आपल्याच तोऱ्यात होता. सर्वजण प्रवासाचा आनंद घेत असतानाच अचानक बोट कशावर तरी आदळल्याचा भास झाला आणि काही वेळातच बोटीत पाणी शिरले. सुरुवातीस वाटले की, ईंजिन बंद पडले असावे. काही जण बोटीवरील सामानाच्या साहाय्याने आतील पाणी

बाहेर फेकत होते. काही तरी गडबड आहे हे एकाना सर्वांच्या ध्यानात आले आणि काळजाचा ठोका चुकला. चाबूक नका, असे म्हणत आम्ही एकमेकांना धीर देत होते. पण मागच्या बाजूने बोट बुडू लागल्याचे लक्षात येताच मदतीसाठी आरडाओरड , धावाधाव सुरू झाली. जीवरक्षक जॅकेटची शोधाशोध सुरू झाली पण जॅकेट सात आणि आम्ही माणसे २२ ! या गडबडीत त्यामुळे बोटीचाही तोल जात होता. मदतीसाठी प्रत्येकजण प्रयत्न करू लागला. पण कुणाचा दूरध्वनीही लागत नव्हता. गांधळ अधिकच वाढत होता. एवढ्यात श्रीनिवास जाधव यांना शेकापचे जयंत पाटील यांना दूरध्वनी लावण्यात यश आले. ‘‘साहेब आम्ही बुडतोय... वाचवा... दीपस्तंभाजवळ आहोत,’’ एवढेच त्यांनी कसेबसे सांगितले.

आमच्या बोटीपासून काही अंतरावर मोठी जहाजे दिसत होती. पण मदतीला कोणीच येत नव्हते. अखेरचा आरोचा किरण म्हणून आम्ही मनोमनी देवाचा धावा करीत होतो. एवढ्यात दोन बोटी आमच्या जवळ आल्या. आतील लोकांना भराभर दुसऱ्या बोटीत हलवत

चुकीच्या बोटीचा वापर
बुडालेली बोट ही फायबरची होती. मुळात अशा ठिकाणी फायबरची बोट नेणेच चुकीचे होते. त्याठिकाणी ॲल्युमिनियमच्या बोटी वापरायला हव्या होत्या, अशी टीका शेकापचे आमदार आणि जलवाहतूक व्यावसायिक जयंत पाटील यांनी केली. महाराष्ट्र सरकार, तटरक्षक दलाकडे ॲल्युमिनियमच्या बोटी आहेत. शिवाय इतक्या मोठ्या प्रमाणात महत्त्वाच्या व्यक्ती खोल समुद्रात जात असताना तटरक्षक दलाची सुरक्षा घेऊनच जायला हवे होते. पण, त्यांच्या सेवेचा उपयोग घेतल्याचे दिसले नाही. मोठी बोट नेऊन नंतर छोट्या बोटीतून शिवस्मारक स्थळावर जाता येणेही शक्य होते. तसेही झालेले नाही, असेही पाटील म्हणाले.

शिवरायांनाच युती सरकारकडून स्मारक नको असावे : विखे-पाटील

विशेष प्रतिनिधी, मुंबई

भाजप-शिवसेनेचे फसवे सरकार अरबी समुद्रातील शिवस्मारकाचा वापर केवळ स्वतःच्या प्रसिद्धीसाठी करीत असल्याने खुद्द शिवाजी महाराजांनाच या सरकारकडून आपले स्मारक उभारायचे नसावे, अशी प्रतिक्रिया विधानसभेतील विरोधी पक्षनेते राधाकृष्ण विखे पाटील यांनी व्यक्त केली आहे. एका तरुणाचा मृत्यू होणे हे अत्यंत दुर्दैवी असल्याचेही ते म्हणाले.

हे सरकार सतत शिवाजी महाराजांचे नाव घेऊन महाराष्ट्राची

मेटे यांना धडा शिकवण्यासाठी घातपात ?

शिवस्मारक समितीचे अध्यक्ष विनायक मेटे यांनी स्मारकाच्या कामाबाबत नाराजी व्यक्त करत मुख्यमंत्र्यांना पत्र लिहिले होते. त्यामुळे मेटे यांना धडा शिकवण्यासाठीच हा घातपात तर करण्यात आला नाही ना, असा सवाल काँग्रेसचे प्रदेशाध्यक्ष अशोक चव्हाण यांनी केला आहे. दरम्यान, ही बोट बुडालेल्या एका बोटीवर धडकल्याने तिला खालून हानी पोहोचली आणि ती बुडाली, असा दावा शिवसंग्रामचे अध्यक्ष आणि शिवस्मारक समितीचे प्रमुख विनायक मेटे यांनी केला आहे.

फसवणूक करत आहे. केवळ स्वतःच्या प्रसिद्धीसाठी शिवरायांच्या नावाचा वापर सुरू आहे. अशा दांभिक सरकारकडून आपले स्मारक उभारले जावे, हे कदाचित खुद्द शिवाजी महाराजांनाच रुचले नसावे.

त्यामुळेच स्मारकाच्या पायाभरणीसाठी जाणाऱ्या बोटीला अपघात झाला असावा. ही घटना एक सूचक संकेत आहे. हे सरकार अपघाताने सत्तेत आले आणि अपघातानेच जाणार, असे विखे-पाटील यांनी म्हटले आहे.

सिद्धेशाच्या कुटुंबीयांना ५ लाखांची मदत

शिवस्मारकाच्या पायाभरणी कार्यक्रमासाठी जाणाऱ्या बोटीला झालेल्या अपघातात मरण पावलेला सिद्धेश पवार याच्या निधनाबद्दल मुख्यमंत्री देवेंद्र फडणवीस यांनी तीव्र दुःख व्यक्त केले आहे. त्याच्या कुटुंबीयांना पाच लाखांची मदत जाहीर करण्यात आली आहे. सिद्धेश पवार हा शिवसंग्राम संघटनेचा कार्यकर्ता विकांत आमरे यांचा भावा आहे. तो मूळचा रत्‍नागिरीतील खेड येथील असून तो कुटुंबीयांसह सांताक्रूझ येथे राहतो. व्यवसायाने तो सीए होता. त्याचे काही महिन्यांपूर्वीच लग्न झाले होते.

Short Takes

■ 'BS-IV Vehicles Can't be Sold or Registered from Apr 2020'

NEW DELHI No Bharat Stage-IV vehicle would be sold or registered in India from April 1, 2020, the Supreme Court ruled on Wednesday, saying any extension of time in introducing the new emission norms would adversely impact the health of citizens as the pollution has reached an "alarming and critical" level. Bharat stage (BS) emission norms are standards instituted by the government to regulate output of air pollutants from motor vehicles. The BS IV norms have been enforced across the country since April 2017. The court said there cannot be any compromise on the health of citizens.

■ 18 of 26 TMT Bar Brands Fail Quality Tests: Report

NEW DELHI In what could be a blow to the construction sector, 18 out of 26 TMT bar brands failed on quality parameters in sample tests, according to a report released by an infra think tank Wednesday. The findings come at a time when India has accorded the highest priority to infrastructure with an estimated spending of ₹5.97 lakh crore in the sector in 2018-19, up by over ₹1 lakh crore from last fiscal. "We analysed 66 TMT bars samples manufactured by 26 brands... 18 brands have failed as phosphorous and combinations of sulphur and phosphorous were higher than required quantity," the report by First Construction Council said.

■ Govt Examining Report on Doubling Farmers' Income

NEW DELHI The agriculture ministry is examining the recommendations of an inter-ministerial committee on doubling farmers' income by 2022, a senior official said Wednesday. The panel headed by National Rainfed Area Authority (NRAA) CEO Ashok Dalwai has submitted a report with a detailed strategy to increase farmers' income to ₹1.92 lakh per annum by 2022 based on the 2015-16 wholesale prices, from the current income of ₹96,000.

■ Single-Window Clearance Soon for Mineral Blocks

NEW DELHI Stating that there were issues in obtaining environment and other clearances for mineral blocks, the government Wednesday said it is trying to put a single-window clearance system in place. "Clearances like environment, forest and land rights... are an issue. It's not very easy to get clearances. There are delays in the process... We are trying to put single-window clearance in place," mines joint secretary Anil Kumar Nayak said while addressing the Fourth India Copper Forum here.

RBI may Relax PCA Rules for State Banks

Corrective action against 11 banks has hit credit disbursement

Our Bureau

New Delhi: The Reserve Bank of India may consider relaxing its prompt corrective action (PCA) framework for loss-making banks, marking a significant shift in its stance, said a senior government official.

Banks under PCA face several restrictions, including on lending, till they are nursed back to health. The government has said that credit disbursement has suffered as a number of banks are under PCA.

However, the government expects some lenders to come out of the PCA framework on their own after recent recoveries made through the bankruptcy process, said the official, who did not wish to be identified.

At present, there are 11 banks under the PCA framework and the minimum common equity Tier I ratio as prescribed by RBI stands at 5.5% against 4.5% under Basel III norms.

"These issues were discussed in the RBI's board meeting," said the official.

Bank credit was up 12.5% on September 28 from a year ago.

The RBI stoutly defended the PCA framework in the past. Earlier this month RBI's deputy governor Viral Acharya had said that any relaxation in the PCA imposed on weak banks should be avoided. "Imposition of PCA can thus be seen as first, stabilising the banks at risk, and then,

Prompt Correction

RBI MAY RELAX its prompt corrective action (PCA) framework

11 BANKS UNDER PCA AS of now having made losses

They face restriction on lending & business expansion

Govt thinks this has hurt credit growth & impacted economy

Banks have been also seeking a relaxation in the framework

RBI has so far maintained this is needed to nurse them to health

undertaking the deeper bank reforms needed for long-term viability of the business model of these banks," he had said.

The government is also hopeful that the recoveries made by banks under the bankruptcy process will help them bring down their losses and provide more capital for lending. Since banks have written off most of their bad loans, any recovery would add to their bottom line and boost capital.

Lenders expect to recover almost 86% of the ₹49,000 crore loan in the case of Essar Steel. ArcelorMittal has agreed to pay ₹50,000 crore, including a ₹8,000 crore capital infusion, to acquire the firm.

In September, after the annual performance review of state-run banks, finance minister Arun Jaitley had said bankers also had certain expectations, which the

government would consider.

"Some of them did mention that PCA guidelines should be revisited because that is indirectly impacting their lending ability," he had. Another request, he had said, was that the government should be more upfront on capital requirement of some of those banks.

After the annual review meet, financial services secretary Rajiv Kumar had said the banks had sought relaxation because they would find it difficult to come out of the PCA unless their income increased. "So there are different thresholds in the PCA norms. They have requested for the provisioning norms, and they have also requested for the way lending starts and risk-weighted assets also assigned, so as to allow them a little headroom for growing," he had said.

EV Charging Stations may become Must in Buildings, Parking Lots

Govt plans to amend building by-laws and master plan regulations

Sarita.Singh@timesgroup.com

New Delhi: The government proposes to amend building by-laws to make it mandatory to set up electric vehicle charging stations in residential and commercial buildings and parking lots.

The proposals include offering round-the-clock charging infrastructure facility to all electric vehicles in residential buildings, setting up charging bays at 20% capacity of all vehicles, on-spot metering and payment services in both com-

mercial and residential buildings, a government official said.

Town and Country Planning Organisation under the ministry of housing and urban affairs has prepared draft enabling guidelines for electric vehicle charging infrastructure, based on which governments shall amend their building by-laws and master plan regulations. These will be applicable to residential, institutional buildings, multi-level parking complexes, bus terminals and service stations, he said.

"The government is considering amendments to Urban and Regional Development Plans Formulation and Implementation Guidelines, 2015 and Model Building By-Laws, 2016 to accommodate promotion of electric vehicles in infrastructure planning and power distribution services norms," said the official. The proposal also includes increasing

FTAs, Non-tariff Barriers Hit Refined Copper Exports: Study

Our Bureau

New Delhi: Lack of reciprocity in India's existing free trade agreements (FTA), inverted duty structure, hidden subsidies in Asean economies like cheap electricity provision and non-tariff barriers in developed countries have hit India's exports of refined copper, a study found.

"FTAs are meant to increase bilateral trade. However, India's FTAs with Asean and Japan have only resulted in increasing our imports with either stable or declining exports leading to the rising trade deficit," the Indian Institute of Foreign Trade said in a study - 'Impact of FTAs on Indian copper industry'.

Besides, hidden subsidies in Asean economies like cheap electricity provision and low interest rates, these countries takes advantage of regional cumulation. Regional cumulation allows countries which are a part of a preferential trade agreement to share production and jointly comply with the relevant rules of origin provisions.

If country-wise value addition rules, rather than regional cumulation of 40-45% value addition, then apart from Indonesia, no other Asean country will be able to export to India as they don't produce much copper concentrate and value-addition in the subsequent stages is low.

The report also hints at possible exploitation of rules of origin and copper products processed by China being exported to India via Asean countries. China and Asean too inked an FTA in 2010.

CCEA APPROVALS

Nod for ₹7.5kcr Fund to Boost Fish Output

Aim is to up production by 67% to 20 mt by FY23

Our Bureau

New Delhi: The government has approved setting up a ₹7,522 crore fund to develop infrastructure such as cold storage units, ice plants, transport facilities, processing units and hatcheries that will help boost annual fish production 67% to 20 million tonnes by 2022-23 from current levels.

With this, the government expects to generate employment opportunities for over 9.4 lakh fishermen and other entrepreneurs in allied activities. It also aims to attract private investment in the creation and management of infrastructure facilities and adoption of new technologies in the sector.

The Cabinet Committee on Economic Affairs, chaired by Prime Minister Narendra Modi, has approved the creation of the Fisheries and Aquaculture Infrastructure Development Fund (FIDF), according to an official statement on Wednesday.

Funding of ₹5,266.4 crore will come from nodal loaning entities such as National Bank for Agriculture and Rural Development, National Cooperatives Development Corporation and scheduled banks, ₹1,316.6 crore will be contributed by beneficiaries and ₹939.48

crore will come as budgetary support from the government.

FIDF will provide concessional finance to state and Union Territory governments, state entities, co-operatives, individuals and entrepreneurs investing in development of fisheries. The loans will be provided over five years starting 2018-19 and maximum repayment period will be 12 years, inclusive of a two-year moratorium on repayment of principal amount.

Approval for Skills Institutes

New Delhi: The Union Cabinet on Wednesday gave its approval for setting up of Indian Institute of Skills (IIS) across the country, in yet another effort to give a boost to Skill India mission.

The institutes would be set up in public private partnership mode. The government will provide land while the infrastructure and skills training would be given by private players, depending on the need of their industry.

The government feels the institutes would help augment the global competitiveness of key sectors by providing high quality skill training, applied research education and a direct and meaningful connection with industry. - Our Bureau

electricity load for all buildings. India plans to shift one-third of its vehicle base to electric fleet by 2030.

Sohinder Gill, director corporate affairs at Society of Manufacturers of Electric Vehicles, said the electric vehicle industry has seen a decent leap in 2017-18, especially in the electric two-wheeler segment. "The numbers indicate that citizens are accepting electric vehicles as an economical as well as a cleaner mode of transportation in comparison to conventional vehicles. However, the absence of adequate finance mechanism, price gap between an electric two-wheeler and petrol two-wheeler, awareness among citizens are challenges, which need immediate redressal," he said.

In the four-wheeler segment, lack of infrastructure, ambiguity over policy remain a major deterrent, which is holding

the segment back.

This year looks positive, especially for the electric two-wheeler segment and we anticipate the sector to perform better than last year, Gill said.

Alekhyia Datta, fellow and area convenor, electricity and fuels division at The Energy & Research Institute, said shifting 25% of the vehicle base to battery-operated fleet will require additional 20.7 terawatt hours of electricity and would generate ₹7,000 crore additional revenue to power discoms.

ET had earlier reported that the government is preparing a fresh policy for promotion of electric vehicles. According to the proposal, the government will begin creating favourable ecosystems in nine polluted cities with population of over 4 million, and gradually move to cities with population of one million-plus.
