**Limited review report to the board of directors for the six month period ended
September 30, 2013**

We have reviewed the accompanying statement of unaudited consolidated financial results of L&T Finance Holdings Limited ("the Company") and its subsidiaries and associates ("the LTFH Group") for the six month period ended September 30, 2013 except for the disclosures regarding 'Public Shareholdings' and 'Promoters and Promoter Group Shareholding' which have been traced from disclosures made by management and have not been audited by us. This statement is the responsibility of the Company's management and has been approved by the board of directors on October 23, 2013. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review in accordance with the 'Standard on Review Engagements (SRE) 2410', *Review of Interim Financial Information Performed by the Independent Auditor of the Entity* issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatements. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

We did not audit/review the financial statements of eleven subsidiaries included in the consolidated financial results, whose consolidated interim financial statements reflect total assets of Rs.2,028,232.54 Lakhs as at September 30, 2013; as well as the total revenue of Rs. 126,505.65 Lakhs and net cash inflow amounting to Rs. 57,081.70 Lakhs for the six month period ended September 30, 2013. These interim financial statements and other financial information have been audited/reviewed by other auditors whose reports have been furnished to us, and our opinion on the consolidated financial results, to the extent they have been derived from such interim financial statements is based solely on the report of such auditors.

We further report that in respect of two associates, we did not carry out the review. These financial statements have been certified by management and have been furnished to us, and in our opinion, insofar as it relates to the amounts included in respect of an associate are based solely on these certified financial statements.

SHEET NO: _____

Since the financial statements for the six month period ended September 30, 2013, which were compiled by management of these companies, were not reviewed, any adjustments to their balances could have consequential effects on the attached condensed consolidated financial statements. However, the size of these associates in the consolidated position is not significant in relative terms. The consolidated financial statements include the net carrying cost of investment of Rs.3,984.38 Lakhs and current period share of net profit of Rs. 66.01 Lakhs in respect of these associates. Our opinion is not qualified in respect of this matter.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited consolidated financial results prepared in accordance with applicable accounting standards notified pursuant to the Companies (Accounting Standards) Rules, 2006 and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of clause 41 of the listing agreement including the manner in which it is to be disclosed, or that it contains any material misstatement.

Financial Performance for the quarter and half year ended 30th September, 2013

Consolidated Profit for the half year grows by 13.7%

L&T Finance Holdings (L&TFH) today released details of their financial performance for the quarter ended 30th September, 2013.

Highlights of the quarter:

- **Healthy growth in assets:** Loans & Advances as on 30th September 2013 grew by 28.2% year on year to Rs. 35,458.7 Cr. and by 6.5% as compared to Rs. 33,309.9 Cr as on 31st March 2013.

Growth in Profit after Taxes (PAT): The Consolidated PAT for the half year grew by 13.7% y-o-y to Rs. 300.7 Cr and for the quarter it grew by 8.4% to Rs. 155.7 Cr. For the lending businesses, the Consolidated PAT for the half year grew by 20.8% y-o-y to Rs. 326.9 Cr and for the quarter grew by 21.4% y-o-y to Rs.174.2 Cr.

The growth in PAT in lending businesses has been on account of improvement in margins, offset by an increase in credit costs. For the lending businesses, net interest margin for the quarter improved by 10 bps y-o-y to 5.6%, and for the half year by 20 bps.

- **Asset Quality:** Gross NPAs stood at 2.89% of loan assets as on 30th September 2013 as compared to 2.54% as on 30th June 2013. Net NPAs stood at 1.93% of loan assets as on 30th September 2013 as compared to 1.67% as on 30th June 2013. Increase in Gross NPA was mainly due to slippage of one account in the infrastructure segment.
- **Other Highlights:**
 - The Investment Management business has had another strong quarter. Despite a de-growth in the industry, the Average Assets under Management (AAUM) grew by 9.4% to Rs. 15,078.9 Cr., resulting in an increase in market share from 1.6% in Q1FY14 to 1.9% in Q2FY14.
 - The Private Wealth Management business continued to build momentum with the client base crossing 1,000 and an Average Assets under Service (AAUS) of Rs. 3,570.0 Cr.

Assets

There has been a general slowdown in the economy, absence of new capex cycle and stretched working capital cycles of corporates. Consequently we continue to follow a cautious approach to credit selection and hence disbursements in corporate, construction equipment and commercial vehicle segments have been muted.

However, the robust rural economy has aided healthy growth in disbursements in Rural Products Finance. Further, H1FY14 has seen disbursement momentum picking up in the

Personal Vehicle Finance and Housing Finance businesses (acquisitions made in FY13). Disbursement growth in wholesale segment was driven largely by opportunities in financing operational assets.

Profit after Taxes

The growth in PAT has been on account of improvement in margins, offset by an increase in credit costs. For the lending businesses, net interest margin for the quarter improved by 10 bps y-o-y to 5.6%, and for the half year by 20 bps. Continued momentum in the Retail Finance Business and reduction in the losses in the investment management business has also aided profit growth.

Non-Performing Assets

Gross NPA stood at Rs. 992.9 Cr. or 2.89% as a percentage of gross advances as on 30th September 2013 as against Rs. 846.4 Cr. or 2.54% as on 30th June 2013. The elevated Gross NPAs is mainly due to one account in the infrastructure segment. The GNPA includes Rs. 92.9 Cr (net of write off) in FamilyCredit Limited (FCL), mainly contributed by legacy portfolio (fully provided for).

Net NPA stood at Rs. 654.6 Cr. or 1.93% as a percentage of gross advances as on 30th September 2013 as against Rs. 551.0 Cr. or 1.67 % as on 30th June 2013.

We continue to follow a conservative provisioning policy with contingent and voluntary provisions of Rs. 258.0 Cr over and above RBI norms.

Outlook:

The macroeconomic environment continues to remain challenging, with no consistent signs of an improvement in the overall economy. While the volatility in exchange rates seems to have subsided in the near term, the challenge of continued high inflation portends a high interest rate regime.

The policy initiatives of the government including clearances to long pending infrastructure projects could revive the capex cycle and investments in the medium to long term. Good monsoons are expected to result in increased agricultural production, keeping the rural economy buoyant and in turn contributing to growth in disbursements and advances. Margins are expected to be stable despite expectations of an uptrend in the interest environment. We continue to be cautious in credit selection and with aggressive asset monitoring; we expect asset quality to remain stable.
